QA Edge Makes the “Philadelphia 100” List - As One of the Region’s Fastest Growing Privately Held Companies

WILMINGTON, DE – Joseph Schenk is pleased to announce that QA Edge, Inc., has been recognized as one of the fastest growing, privately held companies in the ten-county Philadelphia region. QA Edge, Inc., formerly Software Safety, Inc., offers a range of industry-proven Computer Validation and FDA 21 CFR Part 11 training and consulting services.

The Philadelphia 100[®] was founded in 1988 to publicly identify, recognize, and promote young successful companies in the greater Philadelphia region while measuring and comparing their year-to-year performances. The 2003 Philadelphia 100[®] recipients had an average growth rate of 332%. Philadelphia region placed third in 2003 in the Inc. 500 listings, with 21 entries, behind only Boston and Washington, D.C.

Emphasizing that good compliance practices pay off enormously for every error or setback avoided, QA Edge, Inc., has provided innovative, tested Computer Validation and 21 CFR Part 11 solutions to pharmaceutical and medical device industry leaders since 1994. Employing more than 40 regulatory professionals, QA Edge also provides a monthly Computer Validation Boot Camp[™] at their office in Wilmington. QA Edge offers an unprecedented corporate guarantee: any document authored by the company will pass any FDA inspection.

Companies previously recognized as part of the Philadelphia 100[®] include NovaCare, Forman Mills, ATX, Mothers Work, Diamond Couriers, West Coast Video, Spectacor, Urban Outfitters and Kremer Laser Eye Center, among many others. Keynote speakers have included the Honorable Edward G. Rendell, now the Governor of Pennsylvania; Michael Emmi; Brian Tierney, one of the area's biggest success stories and a 6-time alumnus of the event; and Thomas Gravina, President and CEO of ATX Telecommunications Services, now a public company.
